

Investment Committee EU guarantee approvals – General disclaimer

The approvals by the Investment Committee on the proposals to use the EU Guarantee to support financing and investment operations are made publicly available if the operation is also approved by the governing bodies of the Implementing Partners and as soon as the consent for disclosure has been obtained from the relevant counterparty. Information to be made publicly accessible shall not contain commercially sensitive information or personal data that are not to be disclosed under the Union data protection rules.

In line with Article 24(5) of the InvestEU Regulation, Scoreboards are made publicly accessible at a later stage after the operations have been signed, subject to confidentiality requirements.

Proposed InvestEU financing is the tranche of an operation that benefits from the support of the InvestEU Fund. This amount will sometimes differ from the total Implementing Partner's financing amount of the same operation. Signed amounts agreed in the contract may differ from the amounts initially authorised by the Investment Committee and the Implementing Partners' governing bodies.

Framework Operations means a facility, programme or structure which has underlying sub-projects within the meaning of Article 24(6) of the InvestEU Regulation. These are umbrella operations that have been approved under InvestEU, but the InvestEU signed amount of such framework operation consists of the sum of the signed amounts of "sub-projects".
