

# **EU Guarantee Approvals**

**Disclaimer:**

The approvals by the Investment Committee on the proposals to use the EU Guarantee to support financing and investment operations are made publicly available if the operation is also approved by the governing bodies of the Implementing Partners and as soon as the consent for disclosure has been obtained from the relevant counterparty. Information to be made publicly accessible shall not contain commercially sensitive information or personal data that are not to be disclosed under the Union data protection rules.

## **Financing and investment operations**

The approval for the use of the EU guarantee by the InvestEU Investment Committee in its meeting of 12 May 2023 comprises the below operations.

### **Nordic Investment Bank (NIB)**

**Clean Energy Transition**

InvestEU operation amount: EUR 300 million

This Framework Operation provides debt financing to sub-projects related to the installation of new renewable energy generation capacity (primarily wind, solar, hydro, geothermal and biomass), to the development of the energy transmission and storage infrastructure necessary to facilitate the integration of the renewables into the energy system, to energy efficiency renovation of existing buildings as well as energy efficiency investments carried out by the industry and service sectors, production and use of low-carbon fuel (e.g. green hydrogen or biogas) for the decarbonisation of industrial processes, and mobility or as integral part of the energy system. The support can also be provided to investments related to the deployment of low-emission technologies such as carbon capture, transport, storage and/or use (CCUS). Countries of implementation are Denmark, Estonia, Finland, Latvia, Lithuania, Poland, and Sweden.
